# Maintaining *your health*

## Hearing Aid Discount Program

### *How Our Program Works*

The Hearing Aid Discount Program offers you and your family significant discounts on hearing aids including completely-in-the canal models.

Discounts are only available at certified AHB Hearing Aid Network locations.

This program is also available to your immediate family, including spouse, parents, and children.

To receive this discount, you must arrange the initial visit through AHB. Self referral is necessary.

### *Members Can*

Arrange for a FREE Hearing Screening\* with a local AHB Network Provider.

During the appointment, a hearing professional will evaluate your frequency-specific hearing sensitivity and determine if hearing correction is needed.

If a hearing loss is present that can benefit from hearing aids, the hearing professional will prescribe the correct hearing aids for your hearing loss. If a medical problem is found, the appropriate medical referral will be made.

If you decide to purchase hearing aids, the discount will be applied at the time of purchase. No prior authorization is required. You pay ONLY the discounted price.

### *You're Benefits*

As a member of the CBEBT, you are entitled to the following:

- FREE annual hearing screenings\* for you and your immediate family.
- Referrals to local providers with reputations for high quality services.
- Digital Hearing Instruments – the world's most advanced hearing instruments available today.
- Up to 60% off suggested retail prices.
- A FULL two-year extended warranty included with EVERY purchase at no additional charge.

\* Eligible participants and non-CBS members may be responsible for any testing performed during the hearing screenings.
