Independent Auditors' Report

Board of Trustees
Jubilee Retirement Trust Fund
Jefferson City, Missouri

We have audited the accompanying financial statements of Jubilee Retirement Trust Fund (the Trust Fund) (a Missouri corporation, not-for-profit), which comprise the statement of financial position as of June 30, 2014, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Jubilee Retirement Trust Fund as of June 30, 2014, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Nature of Activities

The Jubilee Retirement Trust Fund (the Trust Fund) is a not-for-profit corporation established June 26, 2008 to provide support to the Bishop, the Catholic Diocese of Jefferson City, and the contributing entities to assist them in providing retirement needs of the lay employees and Deacons covered under the Catholic Diocese of Jefferson City's Tax Deferred Annuity Plan. The Trust Fund's source of income is mainly investment income.

Basis of Accounting

The books and records of the Trust Fund are maintained and the financial statements are prepared on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

Basis of Presentation

The Trust Fund is required to report information regarding its net assets according to three classes: unrestricted, temporarily restricted, and permanently restricted based upon the existence or absence of donor-imposed restrictions. As of June 30, 2014, the Trust Fund had temporarily restricted and permanently restricted net assets and no unrestricted net assets.

Unrestricted Net Assets

Include all non-designated and designated resources other than temporarily restricted or permanently restricted net assets available for support of operations.

Temporarily Restricted Net Assets

Include all resources whose use is limited by donor-imposed stipulations that either expire by the passage of time or can be fulfilled by actions of the Trust Fund pursuant to those stipulations.

Permanently Restricted Net Assets

Resources whose use is limited by donor-imposed stipulations that neither expire by the passage of time nor can be fulfilled or otherwise removed by actions of the Trust Fund.

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents are defined as cash balances held in bank accounts and short term investments with an original maturity no longer than three months. Deposit accounts designated for long-term purposes or received with donor-imposed restrictions limiting the use to long-term purposes are not considered cash and cash equivalents.

The Trust Fund also maintains some deposits with The Catholic Diocese of Jefferson City Fund. However, the Trust Fund does not consider funds on deposit with The Catholic Diocese of Jefferson City Fund to be cash equivalents and accounts for them like other investments.

Investments

Investments are reported at fair value. The investments are managed along with investments of affiliates in The Catholic Diocese of Jefferson City Fund (DJC Fund). Fair value of the underlying investments in the DJC Fund was determined using Level 1 inputs for equity funds, which are quoted market prices for identical securities in active markets and level 2 inputs for cash and equivalents and fixed income securities, which are quoted prices for similar securities in active markets. Level 2 inputs were derived using the market approach, which is a valuation technique that uses prices and other relevant information generated by market transactions involving identical or comparable (that is, similar) assets, liabilities or a group of assets and liabilities. The market prices were provided by investment broker statements as of June 30, 2014. Fair value measurements using Level 3 inputs for pledged contribution receivables are unobservable inputs for the asset and rely on managements own assumptions. Level 3 inputs were derived using the income approach, which is a valuation technique used to convert future cash flows to a single present value amount. The measurement is based on the value indicated by current market expectations about those future cash flows.

Pooled investment fund interest and dividends, realized gains and losses, and unrealized gains and losses are allocated based on a proportionate share of each entity's fair value at the time of allocation. The financial statements of each entity only reflect that entity's share of the pooled fund.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Income Taxes

The Trust Fund is exempt from federal income tax as part of the Catholic Church under the provisions of Section 501(c)(3) of the Internal Revenue Code. In addition, due to the religious activities, the Trust Fund is not required to file an Internal Revenue Service Form 990. However, income from certain activities not directly related to the Trust Fund's exempt purpose is subject to taxation as unrelated business income. The Trust Fund had no unrelated business income for the year ended June 30, 2014.

Subsequent Events

The Trust Fund evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through November 21, 2014, which is the date the financial statements were available to be issued.

NOTE 2 – CONCENTRATIONS OF CREDIT RISK

The Trust Fund places its cash and cash equivalents with one credit-worthy, high quality financial institution. Balances at this institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. From time to time, cash balances may exceed FDIC insurance limits. The Trust Fund has not experienced any loss in its account with this financial institution and believes it is not exposed to any significant credit risk.

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term could materially affect the amounts reported in the financial statements.

The Trust Fund has funds on deposit with the DJC Fund of \$196,107 which comprise approximately 2% of the Trust Fund's net assets. The Trust Fund also has pooled investments held in the name of the DJC Fund of \$11,569,827 which comprise 98% of the Trust Fund's net assets.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 – FUNCTIONAL ALLOCATION OF EXPENSES

The Trust Fund considers all expenses to be program expenses, since they relate directly to activities that result in the distribution of funds to beneficiaries that fulfill the purpose and mission for which the organization exists.

NOTE 5 – ENDOWMENT NET ASSETS

The Trust Fund has adopted standards for reporting of endowments. These standards provide guidance on the net asset classification of donor-restricted endowment funds for a not-for-profit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA) and improves disclosures about an organization's endowed funds (both donor-restricted endowment funds and board-designated endowment funds).

The Trust Fund has donor-restricted endowment funds established for educational and operational purposes. As required by generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The Trust Fund has interpreted UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Trust Fund classifies as permanently restricted net assets (a) the original value of the gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulation to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified as permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Trust Fund.

Endowment net asset composition by type of fund as of June 30, 2014 is as follows:

	<u>Unrestricted</u>	<u>Temporarily Restricted</u>	<u>Permanently Restricted</u>	<u>Total</u>
Donor-restricted endowment funds	\$ -	\$ 1,477,369	\$ 10,278,603	\$ 11,755,972

Investment Return Objectives, Risk Parameters and Strategies

The Trust Fund has adopted investment policies, approved by the Board of Trustees, for assets that attempt to provide a predictable stream of funding to the Trust Fund's programs while also maintaining the purchasing power of those assets over the long-term. Accordingly, the investment process seeks to achieve an average total annual rate of return which consists of the Consumer Price Index (CPI) plus 4%. Assets are invested in a diversified asset mix, which includes equity and fixed income securities. The Trust Fund expects its assets, over time, to produce an average rate of return of approximately 6% annually. Actual returns in any given year may vary from this amount.

Spending Policy

The Trust Fund sets its spending policy at a rate to ensure the assets grow at a nominal average rate of 4% annually. This is consistent with the Trust Fund's objective to maintain the purchasing power of the assets as well as to provide additional real growth through new gifts and investment return.

Permanently Restricted Net Assets

Permanently restricted net assets consist of contributions made to the Trust Fund through the Grateful Memories Faithful Future campaign conducted by the Diocese of Jefferson City Jubilee Fund and are to be held indefinitely as endowments. Only the income from these assets can be used to support the purposes of the Trust Fund.

NOTE 6 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability.

The majority of the Trust Fund's investments are held in a pooled investment account with the DJC Fund. Pooled investments include cash and equivalents, common stocks, equity mutual funds, municipal bonds, U.S. government agency securities, fixed income mutual funds, and alternative mutual funds. The Trust Fund's investments at June 30, 2014 were allocated 1% to cash and cash equivalents, 46% to equity securities and 53% to fixed income securities.

The Trust Fund deposits funds in excess of three months of operating needs in the DJC Fund. The Depositor's fund program operates similar to a money market account and pays interest on the deposited funds competitive with current market rates. Interest rates on deposits varied at June 30, 2014 from 1.75% to 3.75%, depending on the term of the deposit.

Fair values of assets measured on a recurring basis at June 30, 2014 are as follows:
