

# PDP Plus Network MetLife Preferred Dentist Program

## More choices for a healthier smile

With MetLife Dental insurance, you have a network that gives you access to thousands of participating dentists. More choices mean it's easier than ever to get the dental care you need for a happy, healthy smile.

## More ways to save

You can choose to go to any dentist, but staying in-network is the best way to lower your costs<sup>1</sup> and make the most of your dental plan. That's because participating dentists have agreed to accept negotiated fees for covered services that are usually **30-45% less than average charges** in the same community.<sup>2</sup> This can mean more savings for you!

## Find a dentist

To find a participating general dentist or specialist, visit [metlife.com/dental](https://www.metlife.com/dental) to access our Find A Dentist online directory. Additionally, International Dental Travel Assistance is automatically available to you and your covered dependents.<sup>3</sup>

When choosing your network, please choose the PDP Plus Network to find the correct providers for our plan.

## Manage your dental plan

1. Savings from enrolling in a dental benefits plan will depend on various factors, including the cost of the plan, how often participants visit the dentist and the cost of services rendered.
2. Based on internal analysis by MetLife. Negotiated fees refer to the fees that in-network dentists have agreed to accept as payment in full for covered services, subject to any deductibles, copayments, cost sharing and benefits maximums. Negotiated fees are subject to change.
3. International travel assistance is provided by AXA Assistance USA, Inc. AXA Assistance provides dental referral services only. AXA Assistance is not affiliated with MetLife and the services and benefits they provide are separate and apart from the insurance or services provided by MetLife. Referral services are not available in all locations.
