

HOSTING A QUARTERLY EVENT

PICK A PLACE

Do you want to host the event at your house or your parish? Is there a great local park you could meet at if the weather is nice? We are also looking for a few women to host Zoom discussions.

2

PLAN HOW TO SPREAD THE WORD

Start with your friends and other women's groups in the parish. We have bulletin and social media graphics available that you can customize with your event information. We'd also like to share your event on our page and social media to help get the word out!

PLAN REFRESHMENTS

A great discussion time feeds our brains and our stomachs- what will you offer women if they need something to nibble on? Do you want to do it potluck style or make your own snack tray?

GET YOUR HELPERS

No woman is an island and planning a book discussion isn't something you want to do alone! Find a few other women to help with food, printing the discussion guides, or whatever else you need. The Office of Women's Ministry is also here to help you with whatever might come up in your planning, don't hesitate to reach out.

HAVE A GOOD TIME

Once you've got your plan together, enjoy it! Don't sweat the details, this time of fellowship is about sharing a bit of our faith journey with each other, not hosting an event that's perfectly Insta-ready.
